OBJECTIVE

A highly motivated and detail-oriented individual seeking to use my problem-solving skills and analytical thinking towards accomplishing my goal of becoming a front-end web developer. Striving to further my knowledge of the web design and development process through working with professionals, gaining the necessary experience through real world applications and continuing to work with new technologies.

EDUCATION

Arizona State University — Master of Education - May 2013
Arizona State University — Bachelor of Arts - December 2008

PERSONAL EXPERIENCE

Web Designer and Developer- JonnyDdesign.com — July 2022-Present

Utilized HTML, CSS, and JavaScript to design and develop my portfolio site. My main focus was to design a site that would be visually appealing, concise, and responsive on all devices. Additionally, my goal was to write clean, semantic code, that would be accessible to anyone and everyone.

PROFESSIONAL EXPERIENCE

Valuation Trainee - Steele & Associates, LLC — Oct. 2016-July 2022

Assisted senior appraiser with analytical research skills to develop high quality appraisal reports. Composed entire appraisal reports, including a succinct introduction, a specific area and neighborhood analysis, a detailed site and improvement analysis, a brief zoning analysis, a market and tenant analysis, and a comprehensive approach to market value. Analyzed property information, including, rent rolls, operating statements, leases, surveys, phase I and property condition reports, zoning reports, and title reports.

Valuation Associate - CBRE — Oct. 2014-Oct. 2016

Wrote entire front ends for all senior appraiser reports, including a concise introduction, a detailed area and neighborhood analysis, a succinct site and improvement analysis, a brief zoning analysis, and a market and tenant analysis. Evaluated and organized specific property information for complex office properties.

Special Education Teacher - Mesa Public Schools — Sept. 2009-Oct. 2014

Developed and implemented engaging, effective lessons for a heterogeneous group of 7th-8th grade students with a variety of needs to improve their reading and writing skills. Identified, developed, and wrote individualized educational plans for students with learning disabilities. Analyzed student performance data to establish a plan of action to achieve individualized student goals.
